## British Begin Another Offensive North of Bullecourt Capturing Hun Positions Over Mile Front

British War Office Reports Offensive by British Over 15 Mile Front, But British Report Has As Yet Made No Mention Of It—German Crown Prince Makes Another Attempt To Break French Lines But French Break Down Offensive With Heavy Losses—Italians Make French Gains.

(By Morning Bulletin Leased Wire)

LONDON, May 20.—"As a result of our early morning attack," says the official report from British Headquarters in France, tonight, "our troops established themselves in a further section of the Hindenburg line on a front of over a mile, between Fontaine-Les-Croisilles and Bullecourt. The enemy made several unsuccessful attempts to shake our hold on his positions and fierce fighting occurred in this neighborhood throughout the day. Heavy casualties were inflicted on the enemy and a number of prisoners were taken. The fighting continues in favor."

### Giving Huns No Rest.

LONDON, May 21.—With Bullecourt firmly held in their possession, the British troops are giving the Germans no chance for and have started another offensive with the idea of bringing their forces to the north of Bullecourt in alignment with those in the village. Sunday saw Field Marshal Haig's men again strike the German line hard in this region and carry German positions over a front of more than a mile between Fontaine-Les-Croisilles and Bullecourt and hold them, despite furious counter-attacks. The fighting here again was of a sanguinary character, and the British war office reports that heavy casualties were inflicted on the Germans.

### Crown Prince Again Repulsed.

The army of the German crown prince continues ineffectually its efforts to break the French front along the Chemin-des-Dames. After a shell fire at intensity by all calibres of guns, and notwithstanding asphyxiating projectiles, the Germans, Sunday, endeavored to come out of their trenches and attack in force. With their usual display of expert marksmanship, however, the French at most places held the Teutons to their trenches under reciprocal artillery fire. Wherever the Germans were able to come into the open they were met with a withering fire and suffered heavy losses. Only at one place, northeast of Cerny, did they succeed, a heavy loss, in penetrating the French positions. At this point a front of about two hundred yards was captured.

### Italian Success Continues.

North and east of Gorizia, the Italian troops are continuing their success over the Austrians, either in fresh advances or in holding back attacks launched with huge effectiveness. In the former region demonstrations of the Austrians endeavored to wrest from the Italians positions held on the Vodice, but were driven back with sanguinary losses. A number of guns and large quantities of arms and ammunition were taken by the Italians. East of Gorizia the Austrian lines were pierced in an attempt by the Italians making 254 prisoners.

The Italians continuing their offensive along the Isonzo on Saturday secured one of the crests of Mount Vodice, the key to the Austrian defences north of Gorizia.

The positions the Italian troops had taken east of Gorizia were mainly against repeated Austrian attacks. Intense aerial activity and many duels continue along the Austro-Italian front.

## French Are Now Using Tanks to Precede Big Infantry Attack

(Morning Bulletin Leased Wire)

Paris, May 19.—"Plotted by audacious crews, the tanks have demonstrated what effective aid they can give to infantry attacks," says an authority statement issued today of work of French tanks in the offensive on the heights between Vauquois and the Ailette.

The tanks came early on the field shortly ahead of the first waves of the assault.

From the moment our squadron entered the plateau facing the Ailette, the intense fire of heavy guns and machine guns was centred on the tanks.

By concentrated fire the enemy sought to pierce their armor, to stop the turrets or to damage the tanks of the ponderous machines. But, however, moved steadily forward.

**Bravery Under Fire.**

Many of them went through new heroic experiences. One of them, by a shell, caught fire. It was able to get out through a damaged exit and joined the infantry in the advance. Another deflected a shell in front of an enemy gun.

The few dismounted and made repairs under fire of the machine gun quickly. The machine gun quickly and in order to prevent them from the hands of the enemy the tank was captured. This, however, did not occur owing to the efforts of the tank crew. An attempt extricated itself from a attack in a desperate attempt to its movements.

**Crews Were Volunteers.**

Throughout the fighting the crews tanks showed a spirit of audacity which supplemented and enabled the infantry to advance. Life inside the cars during assault was most trying. There was room, space being allowed

### Conscription Bill To be Introduced In House Friday

OTTAWA, May 20.—It is now anticipated that the government's conscription bill will be introduced Friday next. The terms of it have not yet been decided upon, only the general plan, as announced to the house by the premier—selective conscription.

The expectation is that there will be a central commission at Ottawa to decide if there should be commissions at the various headquarters of the military districts. These will make the selective drafts from the lists, which will be obtained by compulsory registration. The lists, which are in the possession of the director-general of the national service, may not be used, as the signing of the cards was not made compulsory and were not attested.

## FURTHER PROBE INTO AFFAIRS OF RAILROAD

### B. C. Legislature To Investigate Further the Charges Made.

(By Morning Bulletin Leased Wire) VICTORIA, May 20.—The legislature adjourned on Saturday evening until August 14. The only business to be taken up at the later date is the prohibition question. That matter has reached the point where a decision depends on whether the government accepts the defeat of the referendum by a vote of 51,000 to 49,000. The fraud took place in taking the ballots in England and France and that in this manner the victory of the prohibitionists was turned into a defeat. In order to settle that point a commission of three Liberal members of the house has been named to go to England to investigate the soldiers' vote. The commissioners are Messrs. Whiteman of New Westminster, Pauline of Victoria, and Charles Nelson of Slocan. They are empowered to call witnesses and otherwise to investigate in England and France and on their report the government has promised to act.

One of the last acts of the session on Saturday was to pass an amendment to the public inquiry act to provide for a further probe into the affairs of the Pacific Great Eastern railway. R. D. Thomas, secretary of the Pacific Great Eastern railway company, who has been in custody since April 18 for contempt of the house in refusing to answer questions, was ordered released.

LEDUC LIBERALS  
CHOOSE J. G. TOBIN

(Continued From Page One)

ables to be present—and that pretty well exemplifies the spirit of Liberalism in the present fight. Leduc Liberals in the province is proof of the legislation enacted by the Sifton government, and they intend to show their appreciation by rolling up a much larger majority for their candidate, Mr. J. G. Tobin. The convention was very ably presided over by E. C. Wall, and everything turned off with a swing. The credential committee was composed of Messrs Macdonald, Trollope, Moore, Oswald, Campbell and Leicht.

Mr. C. A. Gaeta, S. Johnson and G. J. Blomquist were the committee on resolutions and brought in a report expressing appreciation of the provincial and federal leadership and the fine laws passed by the provincial government.

When it came to nominating, instead of nominations from the floor ballots were distributed and everyone asked to write the name of the person they would like to see in nomination. This looked like a splendid opportunity for everyone to nominate some one of their friends, but it didn't happen. When the ballots were scanned it was found that but two were for Mr. Tobin. The two other hundred ones were Mr. Wall's and Mr. Irish, both of whom interpreted it as a complimentary mention and moved to make the nomination of Mr. Tobin unanimous without further ballot. This was agreed to and the speaker and his candidate, taking in well-chosen words and appealed for the co-operation of everyone, not as much to elect him as to show their good government.

Details of proceedings addressed were delivered by T. W. Quayle, secretary of the Alberta Liberal Association, and J. H. Lamb, president of the Alberta Union of Municipalities and Local Improvement Districts.

Mr. Quayle dealt with the cry of the opposition press about a "map record" and said not within the memory of anyone in the present generation was there an election in which no opposition candidate had not been elected. This was not true in Alberta but everywhere in Canada. It was raised in 1918 and undoubtedly would be raised four years hence. The Leduc constituency furnished a fine illustration of the hypocrisy of the party for a Conservative candidate had been in the field and going up and down the riding for over a year. Civil service reform was also touched upon and the intransigency of the opposition position clearly shown. That was the Alberta's scores of civil servants giving the province faithful and efficient service, and because one or two men may take some part in elections, the whole service was bitterly attacked in the most indiscriminate and unfair manner.

The following heading is shown by the press of candidates being placed in the field to enforce civil service reform. In Beaver River one Gray, a homestead inspector, is opposing Mr. G. G. Marshall. The other is a candidate in 1918, not having gone through the formality of resigning his position in the federal service. He was fed at the trough for four more years and trotted out names of all the opposition after all efforts at getting some else to oppose him had failed. Undoubtedly he would resume his job on June 8 and probably is now drawing salary from the Dominion government.

In Olds the Dominion grading lands commissioner is opposing Hon. Duncan Marshall. In Grouard the sitting member, Mr. Cole, is opposed by a man who has held local jobs within the gift of the West Edmonton politicians. He was a candidate in 1918, not having gone through the formality of resigning his position in the federal service. He was fed at the trough for four more years and trotted out names of all the opposition after all efforts at getting some else to oppose him had failed. Undoubtedly he would resume his job on June 8 and probably is now drawing salary from the Dominion government.

Mr. Lamb delivered an eloquent and telling address dealing with the growth of the country, showing the progress of the efforts of the people in all countries, came progress and advancement, and the student of history would find that in nearly every instance the greatest obstacle to reform and the great advocates of privates and associations was the party. The Progressive party had been in the lead, but the party had found hard at work earning their votes by trying to avert the defeat. It is undoubtedly coming to the position leader in this province.

The Liberals of Leduc were urged to voice their opinion of disapproval upon this kind of moral worth.

Resignation Worth While. The farmers showed their interest in the same small way and the ultimate results would be the same as in the election just past. Mr. Lamb outlined the details of the various loan bills, which are designed to give the farming industry a big fillip in this province.

Mr. Lamb, as one of the originators of the movement for rural hospitals through the medium of the society of which he is the honored president, gave his hearty endorsement of the bill, and the session was loudly applauded.

OTTAWA, May 20.—The number of invalid Canadian soldiers in England on April 27, according to the report just received by the military hospital commission was 30,662, including 682 officers. BOTH SIDES ARE  
WAITING ROGERS'  
VISIT TO CALGARY

CALGARY, Alta., May 20.—No developments in the mine situation in Alberta, the coal and copper miners alike are awaiting the arrival of Hon. Robert Rogers, who will arrive here Tuesday morning unless he remains over at Winnipeg.

The general impression seems to be that Mr. Rogers will be received by the government and both sides are waiting with curiosity and anticipation alike to hear the government's plans for a continuance of work at the mines. The operators are still convinced that they have washed their hands of the affair and that it is up to the government to take charge and force the men to go to work. The miners, who are for the most part staying in their camps, are decided to accept nothing less than the highest demands. Secretary A. J. Carter of the miners' union has been spending the week-end at Fort Macleod, while President Gammie is in the city.

Owing to Ill Health He  
Has To Quit.

VICTORIA, B.C., May 20.—Premier Brewster on Saturday evening received a cable from Sir Richard McBride announcing owing to ill-health Sir Richard was forced to resign as agent-general for British Columbia in London.

The resignation caused a good deal of surprise in this city, though it has been a well known fact that during the last three months Sir Richard has been able to attend to his office only at irregular intervals. There are no particular here as to his illness but the implication is over that his sickness is so serious that it makes it impossible for him to continue in office. Sir Richard was appointed to London early in 1916.

The party of four French torpedo boats about one o'clock this morning encountered a flotilla of German destroyers making towards port. After a brief engagement the enemy flotilla retired at full speed in the direction of its base. Our four torpedo boats returned. One of them suffered some damage.

GOOD YEAR  
MADE IN CANADA

MACHINISTS, carpenters, electricians, armature winders, and blacksmiths employed in the street railway companies, who have been previously paid 47½ cents per hour by the city under the Street Railwaymen's agreement are now asking for 50 cents per hour, stating that they are entitled to this under the city fair wage clause which allows the union minimum in an peculiar point of view. The fair wage clause, the 50 cents per hour for an eight-hour day, whereas the street railway men's agreement calls for a nine-hour day. The men say that they are entitled to the 50 cents an hour, which has been offered, that they will be earning less than if they kept to the 47½ cents and the nine-hour day. The master goes to the council for decision.

HIS, however, is not the only application for increases that council has to consider. There is an application from the meter readers of the electric department for an increase in wages, and the workers in the telephone department have submitted a schedule asking for revised wages and salaries for the whole of the employees in the plant, on the staff, the superintendent excepted. In making the application, which is signed by the foreman, they say: "Realizing the scale of wages at present in force is inadequate to meet the increased cost of living, we hereby present the amended scale for your approval." These three applications will go before the next meeting of council.

## THANKS FROM JOFFE

Ottawa, May 19.—Sir George Foster has received the following message of appreciation of his reception in Canada from M. Joffre, Joffre.

In the name of the French mission, I thank you for the grand and splendid manifestation by the population of Montreal, rendering the sentiments which the unanimity of the Canadian population wished to show toward France, its army, its navy, which we have the honor to represent. We bring with us a most lasting souvenir of this welcome, which has permitted us to realize how close and affectionate are the bonds which unite us in these hours, when all the moral and physical power of the allies should be concentrated to the common cause and to victory."

## HUDSON'S BAY PIONEER FOR HALF CENTURY IN WEST PASSES AWAY

Isaac Cowie, For Nearly Ten Years Secretary of Edmonton Board of Trade, Dies in Winnipeg at Age of 69 Years—Had Many Trips Over What Was Then Unknown Wilderness of Western Country

Winnipeg, May 19.—Isaac Cowie, Hudson's Bay Company pioneer and scion of Western Canada life for the past fifty years, died last night, aged 69 years. Mr. Cowie, who is known to many oldtimers, had been a victim of cancer and had been confined to his bed for nearly three months.

The late Mr. Cowie was for a number of years resident of Edmonton and is well known to many of the first citizens. For a number of years he was secretary of the Edmonton Board of Trade, occupying that position nearly ten years, until 1906. An article from his pen on Tom Custer, of the first gold prospectors in Saskatchewan, appears in the British this afternoon.

Following his arrival in Rupert's Bay in 1887 at the old York Factory, he relates stirring stories of the rise of Fort Garry and the decline of York Factory. In glowing and inspiring language he placed before the public the risks and excitement attending a buffalo hunt on plains when little was known of this country. He also gives a description of Fort McMurray, where he was stationed for a time.

A *Profile Writer* has pointed out him to be a professor and pointed out his splendid conversationalist. Old Hudson Bay employees often stated that once he was a friend he always was a friend.

Having come from stock that was accustomed to raids of the Norgessmen and to sea roving, he was fitted for the rugged and adventurous life he encountered under the Hudson's Bay Co. He has been on a pension for about 10 years.

## FULL PROGRAM ANNOUNCED FOR ALBERTA MUSICAL FESTIVAL

The following is the program of competitions for the Alberta Musical Festival, which will be held in Edmonton next week. An exceedingly interesting feature has been added, and it only remains for the people of Edmonton to rally to the support of the festival, as they have always done in the past. The competitive part of the festival will be held in First Presbyterian church, while evening concerts will take place in the McDougall Auditorium.

It will be noted that the dates of the festival have been fixed so as to include Victoria Day, and it is hoped that this will enable many who have been unable to attend the competition former years to be present on the last day.

The program of competitions is as follows:

Choral societies.

Church choirs—(a) large choirs (over thirty-five voices); (b) intermediate choirs (twenty-one to thirty voices); (c) small choirs (twenty voices or less).

Female choruses (minimum twelve voices).

Male choruses (minimum twelve voices).

SETS TWO YEARS FOR STEALING

ed Steinman, Who Had Enlisted in a Forestry Battalion, is Sentenced

His Honor Judge Taylor found Fred Steinman guilty of theft and sentenced him to two years in the Edmonton penitentiary.

It appears that accused has already spent some time behind prison bars, as he was allowed out on January last serving a sentence of 18 months in the forestry battalion and received a day leave to bid some friends adieu. He went to Clover Bar and finally ended at Crooking Lake. He caught a train but having lost his ticket was put off. He reached Holden where he borrowed 50 cents to write a commanding officer, who squandered the money. Finally he stole money to the amount of \$20 and later being arrested.

## Suffered From Severe Headaches FOR TWO YEARS

Headaches are many and varying; but when the head starts to ache you may be sure there is some chief cause. The stomach may go wrong, the bowels become constipated, the blood may not circulate properly, but the pressure of the headache clearly shows that unless the cause is removed some other baneful disease is liable to affect us.

Burdock Blood Bitters has, for the past forty years, been curing all kinds of headaches and has proved itself to be a remedy that cures where others fail.

Mr. L. N. Petersen, Dinsmore, Man., writes: "I am really too glad to be able to state that I derived a wonderful benefit from Burdock Blood Bitters. I suffered from severe headaches for two years. I was treated by several doctors, but received no benefit until by chance I heard of B. B. B. and I at once procured two bottles and in a short time I was completely cured. I am, and always will be, grateful for it."

B. B. B. is the oldest and best known blood medicine on the market today, having been manufactured for the past forty years by The T. Milburn Co., Limited, Toronto, Ont.

A most successful tea was held Friday afternoon in Norwood school in aid of the Red Cross, over 1000 tickets were sold. The proceeds were \$157.50. The program was given on the lawn and consisted of a chorus by Miss Farrell's chas. folk dancing and flag drills by the senior and junior girls, and cadet drill by the senior boys. The festival chorus under Mrs. Crough's direction was also rendered. The children were served from 3 to 3:30. Cakes, candy and ice cream were sold from the library and a booth arranged in the second hall. Tea was served in the assembly hall. The principal and teachers wish to thank all those who so freely contributed in providing cake and refreshments and in buying tickets; also the James Iannace firm in loaning free of charge thirty dozen cups and saucers. Much of the success of the tea was due to all who suffer from headaches."

This lecture will deal with actual experiences by Sgt. Hathaway, who is master of his subject, and all women of Edmonton are invited to attend with their daughters to hear the R. to hear this interesting speaker at the Albion Hall at 8:30 p. m. Members will parade at 8 o'clock as usual for roll call.

Orders for week ending May 26th, by the acting officer commanding.

Monday—Musical parade at the Albion Hall at 8 o'clock sharp. Regimental band, drill, physical drill and signalling. All members are requested to make a point of attending, and any intending members are urged to enrol to take advantage of the special instruction being given.

Thursday—Picnic at Alberta Beach in connection with the Reserve Militia, details will be given out at drill on Monday night.

### The Mother of St. Nicholas

Russia tomorrow will lay aside its weapons to do honor to St. Nicholas. Under ordinary circumstances it would be a great holiday throughout the length and breadth of the land. However, it is not much time for holidays in Russia just now.

St. Nicholas is the most popular saint in the Greek orthodox church. What St. Patrick is to the Irish, St. David to the Welsh and St. George to the English, St. Nicholas is to the Greek Catholics.

St. Nicholas, it is said, owed his high place in the church to his mother, who from his earliest infancy showed the saintly character as to fit him for the priesthood. He was born in Lycia, and when still a young man made a pilgrimage to Palestine. On the voyage, it is related, a terrible storm arose and Nicholas, who was known for his piety, stilled the waves with his prayer.

On his return to his native province he visited Myra, the capital. There he had just died, and the chapter had been divinely advised to choose as his successor the first man named Nicholas who should enter the church the following morning. Nicholas was duly consecrated and his episcopal

**PRESS COMMENT  
ON CONSCRIPTION**

**Toronto Globe (Liberal)**

Toronto, May 19.—Commenting on Sir Robert Borden's announcement of conscription the Globe this morning says:

"The ravages of war have rendered obsolete principles of national service that passed muster a year ago. There is but one course now to pursue if the honor of Canada is to be preserved. Until the war is ended Canada must be a nation in arms. Those who will not volunteer must be made to serve. The fighting divisions of Canada must be reinforced by Canadians."

**Toronto Mail and Empire (Cons.)**

The Mail and Empire says: "There will be rejoicing in the Canadian lines in the war area when two words of Sir Robert Borden's speech of yesterday are flashed to the front—the words 'compulsory service.' Sir Robert says the time has come for resorting to selective drafting to maintain our four divisions throughout the war. Voluntarism has done well in Canada, but not well enough. . . . Canada must let its arms dwindle because volunteering has come to an end."

**Montreal Gazette (Cons.)**

Montreal, May 19.—The Gazette, commenting on the introduction of the compulsory military service measure, says:

"Conscription is not a thing to cheer for, nor to be chosen for itself. It is what at this time of crisis can give the country the armed strength that is necessary to the salvation of the cause it has taken up—the country has accepted as necessary the other sacrifices it has been called upon to make. In the same spirit it must accept this latest. There is no other way. The government has done its duty in proposing the measure. The people must do theirs in accepting and making it effective."

**Saskatoon Star (Ind. Cons.)**

Saskatoon, May 19.—The Saskatoon Daily Star comments in part as follows:

"We do not believe compulsory service would have been possible before. Enlistments kept up at a fair rate until the present war, but now they are almost nil; while men are greatly required. The government has done well to wait for the need for conscription because it appears that the people, it has done well to wait."

**Saskatoon Phoenix (Liberal)**

The Morning Phoenix comments: "Is the Borden government efficient and representative? Not for a minute."

**La Patrie (Cons.)**

Montreal, May 19.—La Patrie (Conservative), in the course of an editorial on the conscription announcement says:

"The grave and inevitable determination which the government has reached will doubtless be received in our province with the same spirit as in other provinces. In the hours of anguish through which we are passing Canadian people can have but a single heart and a single desire, the triumph of the cause of right and justice over German barbarism."

**Calgary Herald (Cons.)**

Calgary, May 19.—"What is to happen in the case of Quebec province where voluntary recruiting has never been a success," asks the Calgary Herald. "The people will wait with anxiety the details of the government's plan." The Herald adds that if the 100,000 mentioned by Sir Robert Borden does not supply the demand there should be no hesitation in calling for more.

**News-Telegram (Ind.-Con.)**

Calgary, May 19.—The News-Telegram editorially comments on the conscription as follows: "Without the vote of the Canadian people, Sir Robert Borden and his government, we contend, has no constitutional authority to put into practice the least vestige of compulsory service in this self-governing country, and that his proposed 'plan' is an unscientific evidence that we, in Canada, still have with us some few statesmen who are not at all concerned as to whether Canadians shall govern themselves through the Canadian ballot box or whether Canadians shall be governed by the sentiment of Downing street put into effect by a government composed of gentlemen who seem to be more willing to be inspired by Downing street than by their own people at home."

**Winnipeg Free Press (Lib.)**

The Winnipeg Free Press (Liberal) says: "The government's decision will be accepted as the proper course under all the circumstances. But the opinion of the Canadian people has been under a gradual education ever since the war began. Whatever sacrifices are called for will be cheerfully made."

**Vancouver News Ad. (Cons.)**

Vancouver, News-Advertiser (Cons.) says: "All Canadians interested in the war will support the general idea of the front reinforced from this country and all practical people know that this cannot be accomplished by the voluntary system."

**Vancouver Sun (Lib.)**

Vancouver Sun: "The arguments against compulsory military service have little weight in the present state of public thought. The fact that conscription on the selective plan is a far more efficient way of getting recruits than the old volunteer system is accepted by all."

**Vancouver Sun (Lib.)**

Vancouver Sun: "The arguments against compulsory military service have little weight in the present state of public thought. The fact that conscription on the selective plan is a far more efficient way of getting recruits than the old volunteer system is accepted by all."

**ALLIED FORCES IN JERUSALEM SOON**

**British and French Troops Co-operate Against Turkish Armies**

**London, May 19.**—Indications are that the allied forces will occupy Jerusalem by the end of June. It is believed probable that they will find it in ruins. Reports continue to come from Palestine telling of the Turkish persecution of the Jews. Hundreds of young Jews have been driven from Jerusalem and scattered over a wide territory with the deliberate intention of forcing them to return and submit to their rule. Even the massacres of the Armenian people before the latest outrages perpetrated by religious fanatics wherever they have attempted to defend their homes in the Holy City have been taken out and hanged.

French troops are co-operating with the British for the advance on Jerusalem, which is to be resumed presently.

MICHENER SAYS THAT IF HE

PREMIER HE WOULD TRY TO GET

DOMINION GOVERNMENT TO

SERVE THE CONTROL OF THE NATURAL

RESOURCES TO THE PROVINCIAL AUTHS.

Likely enough. The Sifton

Government has been trying

the same thing, and with just

to the measure of success Mr.

Michener would encounter. Hon.

Mr. Rogers is not handling over

what he can use to such political

influence.

EWING BLAMES THE PROVINCIAL GOVERNMENT FOR NOT COMPELLING C. N. R. TO EXTEND THE RAILROAD FROM SANGUDO TO GRANDE RIVE. The C. N. R. is owned in by MacKenzie and Mann and by the Dominion Government.

Presumably Mr. Ewing

is how his friends at Ottawa

are to be raised the blockade

and their line. Perhaps he is good enough to tell us.

MICHENER SEEMINGLY HAS NO

TO OFFER FOR GETTING RAILWAYS

INTO THE VAST UNOCCUPIED

PORTION OF THE PROVINCE, OR FOR

EX-RAILWAY ACCOMMODATION

IN HUNDREDS OF SETTLEMENTS

ESTABLISHED BUT SO FAR FROM

THEY THAT THE COST OF HAULAGE

UP THE PROFITS ON THE CROP

MAKES SATISFACTORY FARMING

IMPOSSIBLE. In his published ad-

to the electors the opposition

submits a platform of five

points for which he and his

stand. None of them deals

with the question of

the railway facilities of

the province, and nowhere in

the省 does Mr. Michener admit

THE NECESSITY OF FURTHER RAILWAY

INVESTMENT. On a question of such

importance it must be assumed

that no man aspiring to the

leadership would submit his pro-

to the electors if he

did. Mr. Michener's si-

gnal on the subject must

be taken to mean that he either

not consider the question im-

portant or that he has no policy

in solution.

THE REQUIRED HALF MILLION

ARE NOT VOLUNTEERED FOR SER-

VICE AT THE FRONT

BUT BECAUSE

THEY THAT THE COUNTRY LACK PAT-

TER, OR BECAUSE THE SYSTEM OF

TAKING AND HANDLING OUR MILI-

TARIES WAS NOT SUCH AS TO

AGE ENLISTMENT. The Min-

ister and their newspaper friends

strongly that the fault is with

them: that they are slackers,

simply would not respond,

to all that could be done to

them into the ranks. That is

the charge to lay at the door

of the nation's manhood, espe-

cially when it is remembered

that on who have enlisted are of

the same breed as the men who

the Vimy ridge. To justify

it will have to be

that proper means were

to bring the gravity of

the situation home to the minds

of the people, and to thus create

a popular recognition of

the need of men; also that

the method of dealing with the en-

emy was such as to attract

than repel men who had

readily enlisted. To simply

the blame for the failure

of the public, and to ignore the

contribution to that failure by

partisanship and bung-

honesty, candid, fair nor

to the cause.

A gratifying feature of the

campaign in the city is that the

candidates, both Liberals and as

Conservatives, are men for whom

their parties do not have to apologize.

The campaign should ac-

cordingly be free from personal

attacks and abuse, and conducted

squarely upon the public issues

involved.

Opposition papers are about

evenly divided as to whether the

particular offence of the Sifton

Government was in "subjecting

the country to the disturbance of

an election campaign" or in refus-

ing to prolong the disturbance over

a couple of months. Some of

them contribute to the variety of

life by propounding both views.

The Drayton Commission in

their report on the railway situa-

tion say that it sometimes costs as

much to haul grain to the station

as to haul it from the station to

Liverpool. That is true. Railway

construction and road construc-

tion must be carried on as actively

as possible if the farmers in Al-

berta are to be put in position to

cut the cost of marketing their

crops, and thereby to get out of

their crops what is fairly coming

to them.

The Sifton Government is

directly responsible for the exten-

sion to women of the right to vote

and to sit as members of the Legis-

lature. For this act the Govern-

ment had no popular mandate.

"Votes for women" was not an

issue in the last provincial elec-

tions, nor a plank in the platform

of either party. The establish-

ment of equal franchise was a dis-

tinct departure, of a radical kind,

and for it the Government stands

accountable. Having incurred

the opposition of whoever does

not approve the extension of elec-

toral rights to women, the Govern-

ment is equally entitled to the

support of those who do approve.

What the Advance Man says.

GREAT PURPOSE BEHIND  
"JOAN THE WOMAN"

Of all the motion pictures ever made, none had finer purpose than "Joan the Woman." In which Geraldine Farrar, the famous opera star, appears at the Empire theatre, all week, May 28. It is not merely a woman's picture, but one that thrills in its heroic moments, but there is something bigger and more enabling back of it than stage craft.

It shows to what heights a woman can rise when she comes to the management of her life. No one can hold back the big jumps that come to the throat when they see this wonderful peasant girl of France, in the grip of a soldier's greed, invading knights at her feet in the humble apartment of genuine love, hold back her human emotions because her country needs her. She can be compelled to do the wrongs, but her soul must be stirred to see the girl, Joan, hard as adamant on the battlefield, twice saves the life of her son, only to find in the end that he is selected to train her for the throne of England. Historical and wonderful in pageantry it is, but the thing that will make it take rank with the greatest motion pictures ever made is the way the great love story is woven through it all.

Cecil B. DeMille, the producer of the picture, has created an epoch in photo-

dramatic history with this thrilling and artistic achievement.

FESTINING ARRAY OF  
VARIETY AT PANTAGES

The Pantages theatre management offers a tempting array of vaudeville acts this week, starting with at matinée this afternoon, "Paul Armstrong's sketch, 'Woman Proposes,' as the most interesting feature of the bill.

The late Paul Armstrong was one of the greatest comic geniuses of his day, and his "sketches" have made a distinctive place for themselves. Since his death, the Paul Armstrong company, a corporation handling his estate, has continued to enjoy some of his more prominent successes and among them the vaudeville satirical gem "Woman Proposes," which many critics consider the hit of the bill, though his widow did.

"Woman Proposes" is presented by a carefully chosen cast of eight people, and is shown under the direct management of the Paul Armstrong company.

The highlight of the bill will be one of the Pantages' popular musical comedy acts, "Oh Please! Mr. Detective" presented by Bobby Wooley, Betty Evans, Leonard Freeborn, and a bevy of pretty girls.

Stuart, the male Patti, will also appear in the bill. On this tour Mr. Stuart will sing "The Girl You Can't Forget," "Summer Moon," "The Girl You Can't Forget," and "The Long, Long Trail."

Will Morris, spectacular apostle of the "modern woman," will give a unique exhibition of talents, talent in ragged entertainment, and a trio of funmakers and singers, Green, McKeown, and Deane, will present their skill, "From Farm to Ranch," and will sing the new, along with the Pantages' new wax pictures, a one reel comedy and orchestral numbers.

PUBLICITY men tell of current attractions on the screen in Local Picture Houses

## MONARCH

The feature at the Monarch theatre all this week will be Norma Talmadge, the immensely popular Selznick Picture star in "The Law of Compensation," a new drama of modern American life by Wilson Farmer, co-author with Pauline Frederick of "The Man Who Would Be King," Valentine and "The Deep Purple." Miss Talmadge, whose recent appearance was in "Panther," in which she achieved great success, has added a new edge to her performance by her superlative enactment of the difficult double role of "The Law of Compensation."

"The Law of Compensation" presents Miss Talmadge first as a school girl reveling in the joyous abandon of youth, and then as a mature woman, the "modern woman" of the title, who is destined for the most exciting sort of emotional acting. Miss Talmadge first appears as the young daughter of a wealthy lawyer of the mid-west. She carries on a quiet life and grows used to it. After the birth of their baby, the girl becomes interested in a musical career and eventually finds herself on the verge of taking a star role with the result of a happy life. Her father learns of this, and arrives just in time to save her by the recital of the story of the life and death of her mother.

In the presentation of her father's story on the screen, Miss Talmadge appears in the role of her own mother, the two characters being very much contrasted, but each offering the star unlimited opportunities for a full display of her dramatic abilities.

**EMPIRE**—"None Faultless," the Edmon頓首作, will be shown for the first time today, and continues all week at the Empress theatre. The cast is made up of well known Edmonton artists and the feature must be seen to be appreciated. Many musical numbers have been arranged by Mr. Winter.

Sights she saw in the tenement districts of the East Side were instrumental in suggesting to Mary H. O'Connor, chief of the Triangle-Fine Arts association, the idea for her new play "The House Built upon Sands" featuring Lillian Gish, which is at the Empress theatre today and Tuesday. "There is a little girl who can do even in books or stories or plays what she does in real life," said Miss O'Connor. "But, oh, the wasted efforts and misguided good intentions of some of our greatest charitable organizations! The little girl is the victim of the evil. Probably they never will, at any rate not so long as the almighty dollar is the foundation of their efforts."

ROME, May 17, via London, May 19.—Austrian officials ordered all civilians to evacuate the Isonzo section, in which Italian troops are steadily forging ahead today. Many houses have been closed and the government offices and the leading business houses have hurriedly shipped all records to Vienna.

MAJESTY—She is a Persian harem until she was saved from being an English girl, but doesn't know it. When she saw the man that she was slated to marry—a big fat rug merchant, she stood him up and he was so angry he left. And she kept on going until she landed in Paris; she was a dour, unsophisticated parent-raised child, unaware of the shares and the perils of the world. She was a simple girl, the world prepared for her downfall. Until a week ago she had been a simple girl, and saw more men than she had ever seen, in the most frantic flights of fancy.
